Smart Search

Get the answers you need when you need them!

Most tools make you search via keywords to find what you're looking for, only having to read through large files before you find the answer you need. Smart Search gives you a synopsis answer and takes you to the exact paragraph based on your "natural language" question.

Current Tools:

### Smart Search:

1. Keyword Search

1. Ask question

Synopsised Answer

2. Browse & open files

2. Get answer

3. Look for the right page & read multiple paragraphs
