Spotlight on IBM Study Jams

IBM Study Jams keep you on the right track to help you prepare for the certification exams. They include online classes, study guides, and sample exam questions that reinforce key knowledge required for certification.

Study Jams are ongoing programs, so you can sign up whenever you're ready. And the self-paced format is designed to fit your already busy schedule, so you can complete the training when it's convenient for you.

[The Study Jam for IBM Cloud Professional Architect](#) is a perfect example of how we provide condensed content from the preparation course that is focused to help you pass.
