

Keep your eye on the prize

Success is priceless.**And right now, it's free.**

Keep learning and our Second Chance program can help you pass your certification exam. Because if you were unsuccessful at your first attempt to pass one of our tests, you now can retake it — at no extra charge!

Here's how it works:

Sign up for a training course and purchase an exam voucher. If you don't pass the exam on your first try, you'll be able to take the exam again — for free.

Or sign up to retake an exam that you've tried and not passed before — also free.
